We the People of Oregon have not voted on any of this. As a matter of fact, it looks like you are trying to sneak the tolls in again after we have voted it down. How many times must we say NO? I really believe there is a hidden agenda. It is time for you to be transparent and allow the people to vote on all these items, unfortunately, it seems new taxes keep showing up. We cannot continue down this path and we cannot afford to continue to pay all these taxes. It seems our Great President Trump is fighting hard to bring down taxes across the nation and Oregon's current administration is raising and sneaking taxes in. STOP! We don't want it; we don't deserve you putting this onto the backs of People... We need to account for the tax funds that have already been issued and currently being spent. Also, I would like to say we need to get rid of the current voting system we have. We have not had a conservative government in over 30 years. My question is would there be change? Would the voices of the Oregon people truly be heard with in person voting and ID's instead of mail in voting? Thank you for your attention to this matter.
