

Submitter: Andy Buoni

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

So you cut four billion from the transportation bill and now expect it to pass, well guess again. This entire bill is ridiculous and spends money we as Oregonians simply don't have. You also know if somehow this monstrosity of a bill will indeed be repealed by voters. Maybe you should consider that while trying to cram this poor piece of legislation through. Do better, we demand it.
