

Submitter: Lindsey Voorhees

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Families in the Portland metro cannot afford another tax. We certainly cannot afford increases for 10 years! Many are struggling just to get by. Businesses have left and continue to leave, there are fewer jobs, and those who are fed up and have the means (high income earners) are moving away. Stop making Portland such an economically difficult place to live. Only necessary expenses should be budgeted for and then revisited in 2 (not 10) years. Please vote no on HB2025. We can't afford it!
