Citizens are abandoning Oregon like rats from a sinking ship. We can't afford to continue to fund the tax and spend legislature.

The Democrat controlled legislature often with republican help has destroyed the livability in this great state by constantly bombarding Oregon citizens with more taxes.

We need accountability and reform at ODOT for how our tax dollars are spent.

We need accountability and reform in our legislature for how our tax dollars are spent.

WE DON'T NEED MORE STINKING TAXES!
