

Submitter:

Nancy Nowlin

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

HB2977

I urge the Oregon Senate to pass HB 2977 not just for us, today, but for our future generations and for the health of the world. We are on the brink of losing wild nature and each small spot of that we can save is critical to the overall health of our world and humanity. It is easy to act now; it is vastly more difficult, if not impossible to repair the damage that will occur without help and support from humans. We are destructors of the earth; we must act, also, as protectors. If we do not do it, no one will. This is not an issue that can be put off. The time is critical. The time is now.

Thank you!

Nancy Nowlin
