Measure, Appointment or Topic: HB2025

As a citizen of Oregon, I singly oppose all portions of this bill. Oregon citizens cannot bare any new taxes. Including the one slated for the tobacco pouches. Stop adding taxes and trying to take our KICKER funds. Business are leaving this state faster than ever before. Residents are fleeing for places with less taxes and better governments. So over spending and use the funds that are already slated for purposes. This bill is not right for Oregon citizens.

Sincerely,
Taraza Lawrence
