

Submitter: Nancy Osborn

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I am a retired senior that has to work part time to survive. We cannot afford any more taxes at this time. It is time to trim the budget just like we senior citizens have had to do. We don't get to increase our income to cover the new expenses. It is time to figure out how to responsibly use the tax dollars that you currently recieve before squeezing more out of us taxpayers.

Thank you for your time.

Nancy Osborn
