

Submitter: Cheryl Doere

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I'm asking our Legislators to please consider Oregonians that cannot afford another tax. We have seen so many good families leave Oregon because it has become unaffordable. We have survived Covid and supported our schools but we cannot see how we can possibly survive with more taxes. Please show your constituents you hear us and will vote accordingly for us.

Thank you

Cheryl Doerr
