

Submitter: Alison Kingsberry

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Normal, everyday working and retired Oregonians cannot afford this bill. The cost of living in this state has become overwhelming. A bill like this will more than likely create a mass exodus of people from this state...the one that I have lived for over 62 years...I have no choice but to be in that line of those leaving if this bill or any other like it passes!.
