

Submitter: Sandra Jung

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I oppose all price hikes. As a 71 year old woman, these hikes make it hard for me and many other Americans hard to live. With the food so high it's hard to even shop and now you want to make it impossible to put gas in our vehicles, register our vehicles and everything else. I'm disgusted with how Oregon is treating the lower/middle class people!!!
