Measure, Appointment or Topic: HB2025

I oppose HB 2025. We are already taxed to death! Why are our gas prices still over \$4.50+ a gallon when other parts of the US have decreased?

We already pay way too much for vehicle registration every 2 years. Why don't you stop spending so much money instead of just adding new taxes? VOTE NO ON HB 2025. ABOLISH THE DEQ WHILE YOU'RE AT IT!

Sincerely,
