Measure, Appointment or Topic: HB2025

Hi strongly oppose HB2025. I'm a 7th generation Oregonian and this bill does NOT represent our Oregon and our values. My family cannot tolerate any more taxes which is making our state on the verge of collapse. Please listen to the PEOPLE whom you work for. We have all worked hard our entire lives and are responsible tax paying citizens. With all the tax increases at state and local level (not federal) are shoving down our throat we cannot and will not survive. Please BE RESPONSIBLE WITH OUR MONEY.

Respectfully,

Eric and Judy Abrams
