

Submitter: Amanda Vrieze

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I oppose HB 2025 because Oregon needs to spend time and energy using our tax dollars wisely instead of just increasing taxes. I do not trust the State to be using my money wisely. There is so much waste. Oregonians cannot afford to pay more in taxes. If these tax increases go through, it will only compound problems of food and shelter insecurity for citizens in our state.
