

Submitter: Loretta Guzman

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I am not in favor of anymore taxes and fees. You all need an outside real audit. We are being taxed out of the city of Portland. Gas, registration, license, insurance and fees for so much more is making it harder for me as a working grandmother and mother. I work 7 days a week to make my ends meet. It's like steady swimming up steam till it's time to disconnect from Portland. No new taxes or fees.
