Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I'm a working senior citizen. I can't afford to retire yet. I share a rental with my adult son. Neither of us can afford to live alone. Bills like this could put us on the street. I own the only car for the household. We can't afford 2 cars. I use my car for my job. This could make me have to quit my job if I can't afford to keep my car on the road.
