

Submitter: Jeff Mack

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I am writing in opposition. Please stop with all the taxes. Believe it or not, not all people can afford all the taxes being proposed. Here in Burns, fuel is 4.39 a gallon. Most of the country is going down and we keep going up. Don't add to it. Live with your means for a change.

This is not Farmville, its real life and you are destroying Oregon. Vote no on this. It has far reaching implications that you have not considered. Save Oregon NOW,  
VOTE NO!
