

Submitter: Stephen Hunter
On Behalf Of: NAV
Committee: Joint Committee On Transportation Reinvestment
Measure, Appointment or Topic: HB2025

This massive tax increase is ill advised and simply a bad idea and shows great mis management. I, and many of my family and acquaintances are barely making ends meet now and will not survive a tax increase such as this. If it passes it will be necessary for me to research friendlier tax states to live. Please vote no on 2025 so I won't need to vote with my feet.
