

Submitter:

Guadalupe Castillo

On Behalf Of:

Committee:

Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

My family and I live in Beaverton. We spent three year's living in a hotel two adults and three children. We finally have moved into a house and now the state wants to make it even harder to survive. You waste our tax money ridiculous programs and taking rights away from Law-abiding citizens. And gov wants to take out kicker. Please make it easier to live not harder.
