

Submitter:

Stephanie Schriber

On Behalf Of:

Committee:

Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

ODOT needs to be audited and transparent with the citizens of Oregon in regards to where our money is really going before they get another dime. This bill will hurt the citizens of Oregon. Our State needs to manage our money more efficiently. If you were running a business you would all be fired by now. As a life long Oregonian I am so appalled at what this State is turning in to. Please do better.
