Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I am an Oregonian and I love our state! I am now a senior citizen on a fixed income and I cannot afford all of these current increases in prices and now a tax and fee hike? Am I only going to be able to afford to stay in my living room and watch television? Please don't do this to your citizens. Please. Vote no on HB2025. I've been a taxpaying citizen all my life. I worked over 50 years and paid my taxes. I shouldn't be punished by being stuck because I can't afford to do anything or go anywhere.
