Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Dear Committee,

Please do not pass this bill! This bill has been poorly put together and is going to cost me an Oregonian a lot! I feel like there are other ways and this bill was just put together without looking at the big picture which is the people of Oregon!! I am born and raised and raising mine own here.

Please rethink this bill and vote NO!

Thank you,

Anne Krahmer-Steinkamp
