Measure, Appointment or Topic: HB2025

Both my husband and I are on Social Security fixed income. With inflation over the last 4+ years we find ourselves barely hanging on here in the State of Oregon. We love Oregon but with all the other high costs such as property taxes, auto insurance, homeowners insurance (doubled in the last few years), medical, dental, food, gas, energy costs and all other everyday living expenses, we can not afford anymore prices increases for anything. Passing this bill will just make things worst for ALL Oregonians. As I said, we are barely hanging on, so please I beg you DO NOT PASS this bill.
