

Submitter: Lindsey Broderick

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

This bill is an absolute JOKE!!! Go ask your constituents, please. Before you vote on this, go back and ask. Who actually supports and thinks that tolling our bridges and roads is a good idea? NOBODY will say yes. This bill will kill our state, further the economic divide, and force people to in already congested areas. Find another way! You sucking enough of our lives away, this tax is NOT going to work.
