Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I have lived in Oregon 52 years . We are struggling as a small ranch the cost of living is far above the mark we make . We are looking to move to a state that treats the hard working people with dignity and allows us to have more in our home. We can no longer afford Oregon. Our plan is to have all of our family move so we will be eight different families seeking a new state to call home
