

Submitter: Michael Harris

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Oppose. We are taxed enough for land values , etc. we came to Oregon due to the onerous taxes we paid while residing in California and the money was grossly misspent. We do not wish to see this happen here in Oregon. If the Legislature cannot manage a balanced budget with the current tax income , the members do not deserve our trust or our votes. Do the right thing. Dump this new tax boondoggle.
