

Submitter: Rene Alfonse

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

To whom it may concern,

As a life long Oregonian I am saddened by the current state of affairs in our government. The citizens of your state are hurting, bleeding money for the most basic of necessities and it seems our representatives first thoughts are to tax us more to pay for the state's egregious overspending. I am highly opposed to any further tax increases at this time.
