Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

We Oregonians pay enough in taxes. It's hurting our economy being as high as they already are. You guys need to budget and hold the corresponding offices accountable to that budget. Do more audits. Where is the existing tax money going?? We are struggling to pay are bills and can't hold our hands out to increase our budget. The same should go for state/county and city offices. Stop this attack on our wallets. Please vote NO.
