Measure, Appointment or Topic:

HB3402

This bill as an alternative to HB2025 is completely unacceptable. It provides no money for cities and counties to address their transportation needs, no funding for safety projects, and no money for transit. The end result is a continued degrading of our streets, more traffic deaths, and a collapse of our transit agencies. The level of fiscal irresponsibility to only provide money to ODOT, who has a known record of cost overruns, while neglecting road maintenance and transit until they finally break only leads to ever bigger bills and frustrations for Oregonians. I urge you to reject this bill and pass HB2025.
