Committee: House Committee On Rules

Measure, Appointment or Topic: HB3402

HB 3402 is not in the interests of the people of Oregon. Everything we need in transportation - safety, transit, local control - is being dropped in favor of yet more highways, and spending on a disfunctional ODOT that ignores our needs for better transportation, and continues to waste money on more pollution, more traffic congestion, and more expense for the public. Please vote no on this travesty of a bill.
