Measure, Appointment or Topic: HB3402

I am strongly opposed to HB 3402 as currently proposed. This is an inequitable, haphazard bill that cuts funding for safety and transit where they're needed most. ODOT has a proven track record of mismanagement and a lack of accountability; funneling more money directly to ODOT at the expense of cities and counties is moving in the wrong direction. This last-minute attempt to skirt around the failure of HB 2025 is worse than no bill at all. We need a real, comprehensive solution instead of a poorly structured and costly bill like this one.
