Measure, Appointment or Topic:	HB3402

I oppose HB 3402 as a replacement for HB 2025. HB 3402 would result in ZERO investments in rural counties' transit, safety, rail, wildlife crossings, transit maintenance and public transit options. The legislature must pass HB 2025 as it was adopted last night (6/27/2025).

Seriously, what even is this? Why do we even employ you if you're just going to waste all of time over the last year? Why have the facade of community outreach and engagement if you're just going to ignore all of it.
