

Submitter: Gary Brittle

On Behalf Of:

Committee: House Committee On Rules

Measure, Appointment or Topic: HB3402

Local funding is needed to even be close to maintaining the infrastructure that Oregon has. Not having local funding being apart of this bill will create dangerous conditions as infrastructure worsens. The longer we ignore civil infrastructure the more itll become. This is not a linear increase, it will create a huge issue for futuree generations to even attempt to fix the problems that we make today. Increasing the burden and safety of the future can not be justified
