Measure, Appointment or Topic:

HB3402

We urge you to oppose HB 3402-03. This measure only provides for ODOT and ODOT jobs when every transportation system in the state is in crisis and need of support.

Please reject this measure and work on a resolution to HB 2025, which doesn't exclude counties and cities. It is vital that all transportation systems in the state receive adequate funding.

PBOT frontline workers are absolutely critical to the transportation system in Portland and we cannot accept a transportation measure that does not provide funding for transportation infrastructure in Oregon's largest and most economically vibrant city.

Transportation workers across the state provide the necessary maintenance and repairs so that we can get to work, school, and home safely. Please pass a transportation package that respects workers across the state, and throughout all of Oregon's cities and counties.

Thank you for your time and consideration.
