HB3402

I strongly oppose this bill. We are sick and tired of new taxes because the money disappears while our living conditions in our state deteriorate.

There is 0 accountability within the state government.

I believe Oregon is about to lose federal funding and is therefore trying to enact new taxes to keep it afloat.

Oregon wants to spend, spend, spend without cutting any of our frivolous expenses, of which there are many

Do we really need to study speed bumps? No. And you and I both know that's not where the money will go.
