HB3402

As an extremely concerned and overtaxed citizen, please STOP trying to find ways to tax the people for the mistakes of ODOT. There were millions given to the Rose Quarter and nothing was done- where did that money go? Where!?! No one knows...audit needed and accountability also needed for once.

You are going to tax everything so much that there will be another mass exodus and the over-bloated government will lose revenue and then find a way to tax the remaining people and businesses.

No private person or business can operate this way- neither should the government!

We can't afford more taxes...
