House Committee On Rules

Measure, Appointment or Topic:

HB3402

Stop taxing the crap out of Oregonians!! Learn to manage the money you're already taking from us better! You are driving out born and raised Oregonians like my family and friends. When will it stop? We already have some of the highest costing gas in the entire United States. Most all other states gas prices have dropped significantly, us Oregonians are paying the highest we've ever paid and now you want to make it more! Quit destroying my home state and driving hard working families out due to high taxes (among many other things).
