HB3402

It is time to oppose all ODOT funding measures until there is a guarantee in reduction of per mile costs. At approx. 3-4 times the national average, nothing is 3-4 times better here in Oregon. Reduce admin costs and unnecessary spending, eliminate incestuous contracting, and hold ODOT to account before throwing even more of our money at the problem. At what point do we stop and say that spending like a drunken sailor doesn't solve any of our problems? Right now is that opportunity. Start wanting better for Oregon.
