This is an honest question for all the elected Oregon House Representatives, Will we as Oregonians ever see our taxes go down? I first became a voter in 1998 and I just can't seem to remember them ever going down. I would also like to know if high taxes is going to be the new normal for Oregonians? I am asking because for the first time in my life, I am contemplating not living in Oregon having grown up here. That's a very scary decision to make for a family of five. I do believe many other families are contemplating this same decision. Knowing that we love this state dearly on both-sides of the aisle, people are leaving because they can't afford to live in the state that they love!

I ask you this question for all Oregonians, will Oregon taxes continue to go up? By voting No on HB3402 you will be giving Oregonians a clear and concise message that you don't want lifelong Oregonians to leave. Oregonians want prosperity, not taxation to prosperity? Vote No on HB3402
