House Committee On Rules

Measure, Appointment or Topic:

HB3402

I am severely disappointed that after the loud opposition to HB 2025, that my legislators would once again try to propose another bill with massive tax and fee hikes that directly affect the working class Oregonians and small businesses in our state. You are taxing the born and raised citizens anns the last of our national businesses out of this state. These fees and tax increases keep the poor from moving forward and upward.
