The last thing Oregon needs is higher taxes. We are already one of the highest taxed states in the nation. People are already moving out due to our high taxes and ridiculous government. Making us the highest tax paying state in the nation is not going to keep businesses or residents here, you will just lose even more. I understand you are losing funding because you won't adhere to president Trump's mandates. I as a taxpayer should not have to pay extra taxes because you are losing your funding because you will not follow federal laws. Stop this madness now!
