House Committee On Rules

Measure, Appointment or Topic:

HB3402

I oppose this increase on hardworking Oregonian households. Private sector industry in Oregon is in a recession and families can ill afford these cost increases amongst other cost of living increases in recent times. ODOT has not responsibly spent our tax revenue as can be seen with project cost overruns and the like. Funds from other sources (climate funds, corporate activity tax, etc.) can be reallocated to pay for our basic transportation needs. Oregon has record tax revenue. The Oregon government needs to live within its means just like the Oregonian families that fund it. NO MEANS NO!
