The Oregon Health Authority Radiation Protection Services section manager, or designee, is an advisory member of the board for the purpose of providing counsel.

If not enough applications are received for the three licensed physician positions, the Governor may appoint these members from applicants who have been retired for fewer than six years and who are either registered with the board as retired emeritus physicians or who provide the board with notice of retirement. If that fails to yield sufficient applications, the Governor may appoint the remaining board members among any combination of the following:

- a licensed chiropractic physician who is certified by the American Chiropractic Board of Radiology as a Diplomate of the American Chiropractic Board of Radiology,
- an actively engaged medical imaging licensee,
- a permitted limited X-ray machine operator, or
- a member of the public.

Licensee members may be selected by the Governor from a list of three to five nominees for each vacancy, submitted by a professional organization representing medical imaging licensees. Public members may not be otherwise eligible for appointment or be related to a person issued a license or permit by the board.

Members serve three-year terms. Seven members constitutes a quorum.

Duties⁴

The board regulates the practice of medical imaging. The board must:

- annually elect a chair and a vice chair;
- meet at least once every three months;
- issue licenses and permits;
- adopt rules;
- establish and collect reasonable fees;
- approve continuing education programs in medical imaging modalities and for limited X-ray machine operators;
