We believe that the goal of these taxes are meant to punish those who oppose the governor and the rest of the socialist bureaucrats in Portland. You decided to ignore the president and our country's laws surrounding immigration.

You continue to push an agenda that celebrates indoctrination, and mutilation. You are more concerned about individuals who choose to be addicts, homeless and violent. Your choices have compromised our state in every way, including education. These taxes aren't necessary, if you stopped making all citizens pay for the choices of some. Start by following the law. Then start taxes electric vehicles and all citizens who use the roadways. Your leftist (socialist) decisions are turning this state in to the same garbage hole like California. You have chosen to put a portion of the populations wants over the rest of your constituents causing hardship and in some cases dire consequences! Stop playing God, or whoever it is that you worship, the devil? Do what is right for the majority and uphold the laws of the land. Stop these ridiculous taxes now!!
