HB3991.

Here we go again. When are the people in Salem going to get a backbone and stand up and listen to your constituents? Are you all just yes men and women? We, the people, the people you are supposed to be representing, have said No More Taxes and killed the bill once. You can't go around behind the backs of people you're supposed to represent and ram a bill in that will make it harder for them to survive. I live on a fixed income and have trouble buying groceries and essentials. ODOT has not proven that they can manage the money they have. Why give them more? They just lie and squander what they have. ODOT has already said that they have money needed to keep the people they have. So why give them more money? Is the union running our State? It sure seems like it.

I urge you all to kill this bill and VOTE NO. Remember that reelections are coming and people will remember that you did not have their backs if this bill is passed.
