3rd Testimony Submission:

It is Sunday, Aug. 31st of a Holiday weekend. You are conveniently holding session during a time people are trying to enjoy family time, getting the last outings done before starting the busy school schedules with sports, homework and other Fall activities. How interesting.....

However, for some of us who are bearing the burden of taxes already; we have to work on Sundays and at other times picking up extra shifts just so we can afford to live in Oregon. A state that has not been fiscally responsible and putting money into pet projects and not using funds appropriately. I, along with many Oregonians want an accounting from ODOT for every dollar and where it goes. We need to have an Oregon DOGE department.

NO NEW TAXES!!!
