

Submitter: Jennifer Hoesly

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure, Appointment or Topic: HB2948

This bill is important because education administrators who are not nurses with little to no knowledge of nursing care should not be determining a nurse's role or scope of practice in the school setting. It is imperative to student safety and autonomy that nurses should be able to use their clinical judgement and skills and scope of practice without non-medical staff over-riding recommendations or guidance such as in and IEP or 504.
