

Submitter: Will Sanford

On Behalf Of:

Committee: House Committee On Behavioral Health and Health
Care

Measure, Appointment or
Topic: HB2948

I am a school nurse in Multnomah County and I support HB 2948. The quality of my work benefits immensely from having an RN as a supervisor, whom I can use as a resource for information, guidance on practicing nursing in the school setting, and intricately understands the scope and standards of nursing licensure.
