

Submitter: Wynne Furth

On Behalf Of:

Committee: House Committee On Emergency Management, General  
Government, and Veterans

Measure, Appointment or Topic: HB2949

Action on this bill is needed urgently. Please move forward promptly and effectively to require risk bonding or other effective financial security from individuals and companies whose operations pose great danger to the surrounding city. Storing these fuels here is not a decision any reasonable actor would make if it is required to include the cost of the potential damage that they are subjecting to us. It is only because they anticipate escaping liability, through bankruptcy or reorganization or some other means, that they decide to continue to do this.

Thank you for your help.

Wynne Furth
