On Behalf Of:

Committee: House Committee On Emergency Management, General  
Government, and Veterans

Measure, Appointment or Topic: HB2949

This bill is important, but it must NOT contain a preemption that would prevent local and county governments from passing their own protections. This only benefits the petroleum companies, not the people of Oregon. This would only cause needless delays.

I could support a change from study to regulation, but only if it is STRONG (and as long as it has NO preemption).
