#### ISSUES DISCUSSED:

#### EFFECT OF AMENDMENT:

#### BACKGROUND:

The Slow Pay/No Pay statutes (ORS 576.700 to 576.814) establish minimum contract standards for seed production and authorize the Oregon Department of Agriculture to help growers resolve delayed or missed payments. Originally, these protections applied only to grass seed commonly sold for turf or forage through the passage of House Bill 2159 (2011). In 2018, House bill 4068 expanded the program to cover all other seed kinds, including agricultural, vegetable, and flower seeds.
